Hello team SIT_Codes,

Thank you to those who were able to make it to the session on **25th October**. We hope you were able to leave the
session with some clarity about the changes and practices in the coming days. As promised please find attached-

- Session Recording
- FAQ document
- The deck we used during the session

Additionally, so that we have all the updated information about your Chapter, please fill out **this form**. The deadline to fill
this form is **31st October 2020**.

As always, if there's anything specific you want to chat about, please feel free to write to us at chapters@codechef.com.

Best regards,
Smruti Shirodkar

Virtual hugs your way, Team SIT_Codes! 🤗

I hope you and your loved ones are safe and healthy. With the change in routine, I know that the last few weeks have been challenging and exhausting for all of us. Attending online lectures, completing the assignments on time, and taking care of self-being isn't easy, but **YOU DID IT!** 💪

As they say, nothing stays the same. This too shall pass. And we will see everything back to normal. Amid this, the time has arrived to bid the farewell to our journey for the academic year 19-20.
I can't believe how quickly this year passed, having lovely conversations with each of you! 😃

Let's take a trip down the memory lane:

- **First things first: We are now a strong community of 350+ Campus Leaders from 120+ campuses** 🙌
  Over the years, we have had more than 350 Campus Chapters, which are still present on our website. When we started to dig into our data, we noticed that the majority of them have already passed out. With this knowledge, we actively started identifying the active ones and engaging with them, and today we are proud to have you all with us as Active Chapters!

- **From Zonal WhatsApp Groups to Flock to a Single WhatsApp Group**
  We wanted to bring everyone together, build a connected community where all members can support each other and build meaningful relationships. In our effort towards the same, we experimented from having zone groups to bringing everyone on Flock. None of em' worked, until we reached out to our members for validating the idea of having a single WhatsApp Group. Now, we all can witness how our small group is doing magic ✨

- **Campus Chapters Contest 1.0**
  When Manas shared the idea of hosting the collaborative contests as Campus Chapter fraternity, we could feel the spark it ignited in the other group members. We could not hold back our excitement to start working on it right then. From discussing this idea on the first call to documenting the plan of execution to launching the contest, the journey was really special 😍

Woo-hoo! Last year was full of exciting moments, and getting the program back into momentum! **Thank you for being part of this, we couldn't have done it without you** 💗

Before we dive into the excitement of next year, we'd love to hear from you on how this journey has been. We request you to take out some time to gather together (virtually), reflect back and work to wrap up this season by completing this CookBook.

Please share it with us before **_1st June 2020_** using the form below:

Link to submit the CookBook

Feel free to let me know if you have any questions, or need any help in this by replying to this email. I'll be happy to chat!

Dear Team SIT_Codes,

We hope you're doing well and having a great week!

Over the past few months, our College Team has been working to revamp the existing structure and processes. As we
head into a new cycle of CodeChef College Chapters' Program, we are excited to invite you all for a virtual meetup on
25th October 2020.

We plan to keep this an interactive session and

- Share updates on the happenings at CodeChef and College Chapters Community
- Introduce a few new structures and changes, and
- Address any concerns you may have.

To sign-up:
To sign-up for the meetup, requesting each of you to kindly fill out this form by **21st October 2020.** It is an important call,
hence we want at least one member from your team to attend the meetup. In case none of you are able to attend, kindly
let us know in advance along with the reason so that we can make a note of the same. Other details like call link and
timings will be shared 48 hours prior to the session.

We look forward to seeing you all.

Best Regards,
Yash Patodia
Team CodeChef
