Dear sir,
I had applied for a name correction in the 1st year as there was a wrong spelling of my name in the college registration number and admit card, but when the application been issued there was an another misplace of words in the title(as Majum'edr', where the actual is Majum'der') of my name, ever since then I have been trying to make it correct by raising issue to my respective mentors, But the issue not yet been solved and i think it's become really hard yet more to look into this because of the current pandemic situation.

So i am requesting you to look into this matter as soon as possible.

Dear sir,
I had applied for a name correction in the 1st year as there was a wrong spelling of my name in the college registration
number and admit card, but when the application been issued there was an another misplace of words in the title(as
Majum'edr', where the actual is Majum'der') of my name, ever since then I have been trying to make it correct by raising
issue to my respective mentors, But the issue not yet been solved and i think it's become really hard yet more to look into
this because of the current pandemic situation.

So i am requesting you to look into this matter as soon as possible.

Sincere regards,
