EPISTEME

Reservoir of knowledge

SILIGURI INSTITUTE OF TECHNOLOGY

FROM THE DESK OF THE STUDENT EDITORIAL TEAM

"Hard work without talent is a shame, but talent without hard work is a tragedy."

-Robert Half

Talent is present everywhere and what better platform to showcase it than the very own yearbook. Siliguri Institute Of Technology (SIT) feels proud to publish its second volume of the Annual College Magazine: Episteme-"Reservoir of knowledge". Episteme contains a plethora of articles, photographs, sketches and reports on various activities held throughout the year, showcasing the wonderful learning environment that goes beyond the technical universe that Siliguri Institute Of technology has to offer.

The magazine contains the hard-work of the dedicated members of the Editorial team, which the readers will surely enjoy reading. It was quite a challenging task for us to produce such a stunning pamphlet, but we, the Student Editorial Team feel proud to say that we have readily accomplished this task. The credit for the success of this gazette goes solely to the heart of the college, the students without whom this gazette would not have had been a success.

Last but not the least, I, Aniket Ghosh on behalf of the whole Episteme Team would like to thank the students for their content, the teachers for their dedicated support and to everyone either involved directly or indirectly in making the magazine a success.

- ANIKET GHOSH
CSE, 3rd Year
