Tech-Mgmt Fest Committee, SIT

Annual Report 2018

Brief Description of the Committee:

The Tech-Mgmt Fest committee of Siliguri Institute of Technology was conceptualized with an aim to motivate the students to think out of the box, expand their horizons and reach the zenith of success in all technical and management spheres. It has stayed true to its vision since; and from its humble beginnings the committee now revels in organizing one of the premier techno-management festivals of the nation. Technovision has been an extra-ordinary platform to showcase the latest inventions, exhibitions and technological advances from all over the globe and organizes a plethora of events and competitions all designed to make the participants step outside their comfort zones and challenge the institution of conventional thinking.

Committee members:

- Dr. Subhojit Sarker, Chairperson
- Dr. S.K. Saha, Jt. Convener
- Mr. Apurba Chakraborty, Jt. Convener
- Ms. Sathi Ball, IT
- Mr. Manas Sarkar, HMCT
- Mr. Sandeep Banerjee, ECE
- Mr. Mahadeb Das, CE
- Ms. Santana Guha, MBA
- Mr. Apurba Chakraborty, MCA
- Mr. Subham Ghosh, DESH
- Mr. Indrajit Koley, EE
- Mr. R.P. Poddar, ECE
- Mr. Nil Kamal Das, EE
- Ms. Snigdha Banerjee., CSE
- Mr. Sujoy Paul, Admin   .

Activities Undertaken in 2018:

SL. NO.	EVENTS	TIMINGS	VENUE
TECHNOVISION 2K18			
DAY I (16.02.2018)			
1.	'Soft Crats' - Software based Project Competition	11.00AM – 3PM	Project Arena, Front side of SIT Main Building
2.	'Nirman' Construction based Project Competition	11.00AM – 3PM	Project Arena, Front side of SIT Main Building
3.	Hardware based Project Competition	11.00AM – 3PM	Project Arena, Front side of SIT Main Building
DAY II (17.02.2018)			
1.	Master Chef	11.00AM – 1PM	HMCT Dept. & BHSM Dept., SIT
2.	Robotics Competition	11.00AM – 3PM	Centre Circle, Ground Floor, SIT Main Building
3.	Computer Gaming	11.00AM – 3PM	Computer lab., DESH Building, SIT
4.	Business Bazigarh	11.00AM – 2PM	MBA Dept., Library Building, SIT
Akshay Urja Diwas Celebration			
on 20.08.2018			
1.	Badge Distribution	9.45am - 10am	All departments
2.	Poster Presentation based on the theme 'The Intelligence in using Renewable Energy'	1.20 pm – 2 pm	Centre Circle, Ground Floor, SIT Main Building
Engineers' Day Celebration			
on 15.09.2018			
1.	Project Competition based on the theme "Convert waste to develop technology for future"	11:00 AM- 02:00PM	Badminton Court, Main Building, SIT

Started in 2012, Technovision was conceptualized with an aim to motivate the youth of our nation to think out of the box, expand their horizons and reach the zenith of success in all techno-management spheres. It has stayed true to its vision since; and from its humble beginnings, Technovision now revels in being one of the premier techno-management festivals of the nation. Technovision has been an extra-ordinary platform to showcase the latest inventions, exhibitions and technological advances from all over the globe and organizes a plethora of events and competitions all designed to make the participants step outside their comfort zones and challenge the institution of conventional thinking.

Technovision 2K16 "The Annual Inter College Techno-Management Fest" of our august institution was held in the college premises for two days: 23rd and 24th of February, 2016. A number of competitions catering to the aptitude and taste of almost every student were the main element of this fest. The technical – management fest is generally organized every year with the objective to provide platform for the students to showcase their creative side as well as talent with a competitive spirit. It provides the students an opportunity to take some time off from their academic routine and participate in the fun filled extravaganza. Keeping the interest and need of the engineering and management students into consideration, the fest was executed with a total of 9 events; namely Software based project competition, Hardware based project competition, Nirmaan: Construction based project, Businesss baazigarh, Master chef, Debate competition, Make from waste competition, Computer gaming and Robotics competition; planned and organized at its best of quality. This year the event was successful enough to attract as many as 300 registrations for the various competitions. Within a very short time the Chairperson, Dr. Subhojit Sarker, the Jt. Conveners - Dr. Susanta Kumar Saha and Mr. Apurba Chakraborty alongwith the faculty and staff members of the tech-mgmt committee organized the program in a disciplined manner with their utmost spirit. Also, the student committee members worked really hard to make this event a memorable and successful one.

Hardware based Project Competition 2K16

The hardware based project competition was organized on 23rd February 2016, which showed the use and implementation of innovative technical ideas. There were total seventy-two participants in this competition and they were subdivided into twenty-nine groups. The projects showed the use and implementation of innovative technical ideas. Each hardware models were supported by proper image and block diagrams. The themes of this event were categorized into the following categories e.g. Sensor Based Projects, Utilization of non conventional energy resources in hardware projects, Innovative technique for water and waste management, Demonstration of next generation technologies and Innovative small circuits solving daily life's problems. The faculty co-ordinators Mr. Rakshapada Poddar and Mr. Amiya Mandal along with student committee members Navin Kumar, Manoranjan Kumar, Soham Sapati, Shanu Kumar had a tough time to give the event a proper shape. Some of the projects exhibited were: the third eye, object detector, range detector, bluetooth controlled home appliances and many more. The judge of this competition was Mr. Tamal Sarkar, Scientific Officer Grade II, University Science and Instrumentation Centre, University of North Bengal. The winners of this competition were Ritika De, Tanumoy Das, Trinankur Chakraborty, Supriya Gorai, Students of ECE and EE Dept. 8th and 6th semester. They presented a project titled "Range Detector". The runners up prize was shared by Syed Sahajahan Alam, 6th semester, ECE Dept., who made a project based on "Audio Player with FM" and Trinankur Chakraborty 8th semester, ECE department, who made a project exhibiting "Environment monitoring system".

Software based Project Competition 2K16

The event named 'Soft Crats' - A Software Based Project Competition was all about designing innovative softwares was also held on 23rd February 2016. The main themes were classified into three sub-categories: (a) Web based application, (b) Designing innovative software and (c) Mobile application. The organizing sub-committee comprised of the faculty co-ordinator Ms. Sathi Ball and the student members Abhishek Dey, Biswajit Dolui, Subham Chatterjee and Suvojit Dutta. Twenty one students participated in this competition and they presented total seven software projects. Some of the projects exhibited were preparation of software helpful for exam cell, ranking of nursing homes and getting information about different medical necessities, video class room, and many more. Judge for this event was Dr. Ranjit Kumar Samanta, Professor and HOD, Department of Computer Science and Application, University of North Bengal. Four brilliant students: Remo Ali Ahamed, Anish Sharma, Subham Goyal and Jeesan Gupta from BCA Department, 4th semester won the first prize. Their project titled "Phy-X" was based on providing solutions to different equation. The runners-up were Indranil Sur, MCA Department, 4th Sem and Samrat Kundu, Ronish Pakhrin, BCA Department, 6th Sem presented a "Total Medical Solution" that had facilities of Doctor booking, several medical information and many more solutions of health related problems.

Construction based Project Competition 2K16

The name of the construction based project competition was "NIRMAAN". Growing population has led to the big challenge of providing modern infrastructures which are environmentally sound, safe & cost effective. This competition gave the students a chance to explore these challenges and demonstrate their designing and construction skill. The themes were mainly subdivided into the following categories e.g. Eco-friendly Constructions, Bridges, Roads and Railway Structures, Irrigation Constructions, Pollution Control Systems, Flood Control Systems, Geotechnical and Structural Buildings. Total number of participants was twenty-nine which were subdivided into nine groups. The faculty co-ordinator for this event was Mr. Rajen Koley, who was actively helped by the student members Arunabha Dutta and Debapriya Pal. The Judge for this event was Shri. Shuvankar Chakraborty, Superintending Engineer, North-East Irrigation Circle:I, Jalpaiguri, Government of West Bengal. The champions of this event were Ambarish Mondal, Abhishek Choudhury, Debapriya Pal, Dipankar Paul, students of 6th semester, Civil Engineering Department. They showed how waste materials can be used in construction to make the foundation more compact. The project named "Reconstruction plan from Darjeeling more to Mallaguri", based on a concept of avoiding traffic was presented by Prakash Biswas, Kanak Adhikari, Sourav Ray Barman, Sayan Hore students of 4th semester, Civil Engineering Department who won the runners-up prize.

Business Baazigarh Competition 2K16

The "Business Bazigarh" competition was a platform to show new and a creative business idea for healthy venture. It was an opportunity for the students aspiring to be an entrepreneur to participate in Business Bazigarh 2016 and unfold their Entrepreneurial Vision and Skill. In this competition the total number of participants was twenty four

and total number of groups was eight. The faculty co-ordinator for this event was Ms. Santana Guha who was helped by the student members Tanmoy Barman and Roshan Kr Thakur. The name of the judge for this event was Mr. Prabin Agarwal, Co - Chairperson, Young India initiative CII Siliguri chapter & CEO of Fortune Securities. The winners Payal Agarwal, Sandeepan Sengupta, Arman Khan, 4th semester students of Dept. of MBA, SIT shared their business idea titled 'Elderly Haven' which was based on the idea of looking after and taking care of old aged persons in an old age home. Chetan Sharma & Poulomi Ghosh students of BBA, 1st year, SIT won the runners-up prize. They explained how their concept of "Food Truck" will work to supply and sell variety of foods at different locations.

War of words (Debate Competition) 2K16

Debate competition is a discussion between people in which they express opinions about a topic. TECHNOVISION 2K16 organized the inter-college debate competition on 24th February 2016 at Sir J.C Bose Seminar Hall. The organizing sub-committee comprised of Ms. Prajnamita Dasgupta as the co-ordinator alongwith Manish Thakur, Rituparna Das and Srijana Basnet. With the topic chosen "The majority of graduates in different disciplines of the country are unemployable" as many as sixteen speakers in a team of eight with two members each vied for the honours. Every team spoke on and against the motion. Participants were given a maximum of three minutes to speak on the topic and another one minute for the rebuttal. All the teams were well prepared as they used diverse skills like definition, irony with varied statistics and data making their arguments emphatic with their righteous facial expressions, body movement and gestures. At the end of the heated but interesting debate which lasted over two hours adjudged by Mr. Karanjit Singh, MBA Final year students Ms Payal Agarwal and Ms Deepshikha Gurung walked away with the winners' title. The second place went to Ms Neha Bhowmick and Mr Akash Chakraborty of Electrical Engineering department.

Master Chef Competition 2K16

Cooking competitions often encourage students to display their creativity with foods as they take flavourful, nutritious food and create delicious and attractive dishes. Tech-Mgmt committee has been conducting Master Chef Competition with the purpose of cultivating interest and innovativeness in the field of cooking. The faculty co-ordinator for this event was   Md. Irfan, who was actively helped by the student members Swarnakamal Basu and Kajal Rai. This year eleven teams of two members each participated in the competition held on 24th February 2016 at BHMCT Department in the Institute. The event was represented by participants from different colleges of Hotel management in Siliguri. Chef Harsh Kumar, Executive chef of Sarovar, Siliguri was the judge for the event. Participants were allowed to make a dish standardized for four portions. The Chilled Lemon Pie was declared the best dish prepared by Mr. Khem Raj Chettri and Ms Kajal Rai of BHMCT Department, Siliguri Institute of Technology. For the second place there were joint winners comprising of Mr Swarna Kamal Basu and Mr Suman Ghosh of Siliguri Institute of Technology who made Milk delight no baked Brownie (eggless) and Ms Puja Rai & Mr Gopanshu Anand of Insperia Knowledge Campus who cooked dish Antilla.

Make From Waste Competition 2K16

In order to make young students aware of uses of waste material and to give them a lesson on reducing waste to save our future for the first time an inter-college 'Make from Waste' competition was organised for students in Technovision 2K16 on 24th February 2016 at the main building of Siliguri Insitute of Technology. It received a huge participation from the students as they could showcase their undiscovered talent of creativity. It encouraged the students to learn to explore the extent of their imagination and express their natural creative flair. The faculty co-ordinator for this event was Mr. Indrajit Koley. The student members involved in this program were Deep Debnath and Indranil Nandi. A total of twenty one student making eight teams registered for the event. The first position was given to the team comprising of Ms Ashika Dangal, Ms Yadna Jairu, Ms Nilimi Seema and Ms Ayesha Gurung 0f BBA Department, Siliguri Institute of Technology for making home decorators using waste like used cloth, ice cream stick, match boxes, hankerchip, newspaper etc. The second prize was given to the team which made a model of Siliguri Institute of Technology with thermocal & shoe box.

Robotics Competition 2K16

Siliguri Institute of Technology successfully conducted Robotics Championship at TECHNOVISION 2016. For the past four years Tech-Mgmt committee have been organizing the event. This year's competition, which was held on 24th

February 2016 at the centre circle situated at the main building of the Institute, saw the students from various engineering streams participating in the event. Mr. Sourav Sarkar, the event co-ordinator was actively helped by the student committee members Proteem Ganguly, Ritika De, Sritama Gupta, Shishu kr. Pal and Ayantika Dey for organizing the event. The competition started with thirty six students enthusiastically arriving at the venue much before the start time to face the challenges of the championship. Teams were given an arena to run their robotics on it and complete the path at the earliest while accurately tracking and overcoming the obstacles spread across the course line from start to finish. The track had many sharp turns, elevated places and obstacles placed along the way. There were two rounds. In the first round a simple track was provided without hurdles. In the second round there were more variations, difficulties and sharper turns. It was quite a challenge for the participants to say the least, and the team comprising of Meghna Karmakar, Subhra Pal Champa Paul and Karan Saha students of 2nd year Electronics & Communication Engineering department, SIT successfully completed the mission. The runners-up were the team from Surendra Institute of Engineering and Management comprising of Binoy Dey & Ashwini Das. Cash prizes were given to the winners and the first runners-up.
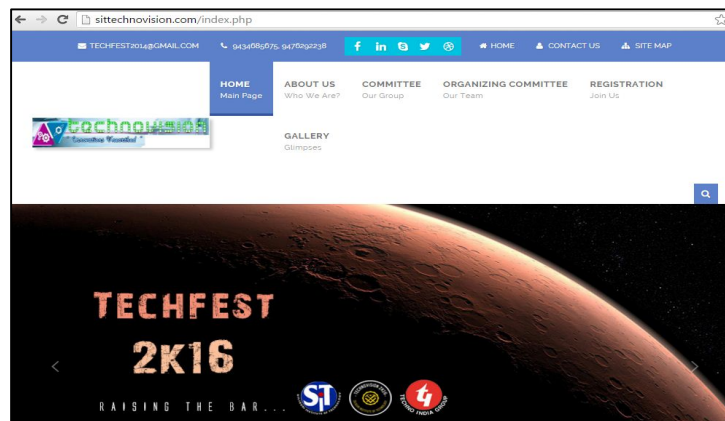

Computer Gaming Competition 2K16

Noticing the popularity of e-games among the young students, counter strike 1.6 was organized on 24th February 2016 at Central Computer lab., DESH dept. The event co-ordinators Mr. Apurba Chakraborty & Mr. Sujoy Paul alongwith the student members were Ronish Pakhrin, Akash Kirodiwal, Debankur Paul, Partha Pratim Banik, Kamal Bharali And Niladri Goswami were involved in organizing this competition. The event witnessed huge popularity among the students. A total of 40 participants grouped into eight teams with five members each took part in the competition. All the teams were further grouped into Pool A and Pool B. The participants were from Siliguri Institute of Technology, Kalipada Ghosh Tarai Mahavidyalaya, Bagadogra, IIAS and Salesian college, Siliguri. The maps played were DE_DUST2, DE_INFERNO and DE_NUKE. The Knife round winning team decided the map and their sides. A total of eleven round were played (except in the finals).The team from Kalipada Ghosh Tarai Mahavidyalaya was declared as winners as Winner. The winning team comprised of Sonam Tamang, Aditya Subba, Dipen Das, Prasenjit Baul and Karma Sherpa and the team of Prahlad Lopchan, Ridzen Yolmo, Ajay Singh Chowdhury, Anwayson Sharma & Avinash Sharma of Siliguri Insitute of Technology became the runners up.

Prize Distribution

Cash prizes worth Rs. 74,000/- were distributed to the winners and runners up of different competitions at the end of program on 24.02.2016. They were also encouraged by giving certificate of excellence. There were demo cheques for all the events and those were delivered to the students during the Prize Distribution ceremony by the Director, Registrar and HODs of different departments. Also certificate of participation will be given to all registered participants who showcased their talents in the different events.

Our committee feels proud to organize such a event and would like to convey our thanks to the Director, Registrar, Administrator and the administrative staff for their time to time support and advices for organizing the annual tech-mgmt fest: Technovision 2K16 successfully.

Technovision 2K17

A Tech-Mgmt Fest Committee Initiative, SIT

Started in 2012, Technovision was conceptualized with an aim to motivate the youth of our nation to think out of the box, expand their horizons and reach the zenith of success in all techno-management spheres. It has stayed true to its vision since; and from its humble beginnings, Technovision now revels in being one of the premier techno-management festivals of the nation. Technovision has been an extra-ordinary platform to showcase the latest inventions, exhibitions and technological advances from all over the globe and organizes a plethora of events and competitions all designed to make the participants step outside their comfort zones and challenge the institution of conventional thinking.

Technovision 2K17 - "The Annual Inter College Techno-Management Fest" of Siliguri Institute of Technology was held in the college premises for two days: 23rd and 24th March, 2017. A number of competitions catering to the aptitude and taste of almost every student were the main element of this fest. The technical – management fest is generally organized every year with the objective to provide platform for the students to showcase their creative side as well as talent with a competitive spirit. It provides the students an opportunity to take some time off from their academic routine and participate in the fun filled extravaganza. Technovision 2K17 executed a total of seven different events planned and organized keeping the interest and need of the students into consideration. This year the event was successful enough to attract as many as 300 registrations for the various competitions.

The various events that were organized in Technovision 2K17 are as follows:

1. Hardware-based Project Competition

2. 'Softcrats' Software-based Project Competition

3. 'Nirmaan' - Construction-based Project Competition

4. Robotics Competition

5. Business Bazigarh Competition

6. Master Chef Competition

7. Computer gaming

The winners were encouraged with cash prizes worth Rs.56,000/- for all the events. All the participants were given the Certificate of participation and Certificate of Merit was given to the Winners and Runners-up. The event was a grand success with overwhelming participation of the students showcasing their innovative ideas.
