Brief Report of Training on Spoken Tutorial, conducted by NMEICT, MHRD

Spoken Tutorial Project is an initiative of National Mission on Education through ICT, MHRD, Govt. of India in collaboration with IIT Bombay. This project is actually teaching and learning a particular **FOSS (Free and Open Source Software)** like Linux, Scilab, LaTeX, PHP & MySQL, Java, C/C++, LibreOffice etc. via an easy Video tool - Spoken Tutorials.

Today, SMEs and Govt. departments are moving to Open Source Software like Linux OS. Students with this knowledge will have an edge in the job market. They can also become entrepreneurs and use Open Source Software in their businesses, and save money vs., if they were using commercial software.

Objective of the program: The objective of the program was to popularize the use of free and open source software and generate awareness of avoiding piracy of commercial software packages by adopting FOSS tools.

Outcome of the program:

Students will be able to:

- Understand the use of Free and Open Source Software, which are user-friendly also.
- Generate awareness of avoiding pirated commercial software packages.
- Self-learn through distant education which is highly conducive also.

The program details are as below:

Title of program: Training on Spoken Tutorial's Scilab and LibreOffice Suite Impress & Writer

Resource Organization: Department of Electrical Engineering

Date: 07.11.2017-28.11.2017

Name of Trainer: Prof. Subhajit Roy

Schedule: During Control System Laboratory hours (for Scilab training) and Technical Report Writing & Language Laboratory hours (for LibreOffice training)

Venue: Control System Laboratory, Department of Electrical Engineering, SIT

Participant Batch Year: 2015 (5th Sem for Scilab) and 2016 (3rd Sem for LibreOffice)

Summary of the program:

The following points can be noted from the program

- At the beginning of the program an introductory speech had been delivered by Prof. S. Roy, Assistant Professor, regarding the details of the training and usefulness of FOSS tools.
- In the Scilab Training, Prof. S. Roy was assisted by Prof. Sanjukta Dey and Mrs. Boni Mazumder.
- In the LibreOffice Training, Prof. Rajeeb Chetri assisted Prof. S. Roy in smooth conduction of the session.

VISION OF THE DEPARTMENT:

To emerge as a leading Department of Electrical Engineering that caters to the latest needs of power sector, electrical & allied industry in the region.

MISSION OF THE DEPARTMENT:

To evolve as an innovative & globally competent Electrical Engineering department that contributes to the socio - economic growth of region by utilizing the advancement in Electrical Engineering by providing conducive learning and interactive environment to students and faculty.

SILIGURI INSTITUTE OF TECHNOLOGY ELECTRICAL ENGINEERING

- For the Scilab training, 86 students from 5th sem EE department registered, where as in LibreOffice training, 70 students from 3rd sem EE department registered.
- During all the training sessions, audio-visual tutorials were demonstrated to all the students present. Students were also able to perform the tutorials in their pc allotted to them individually.
- It was monitored by the trainers that each student was able to learn from the audio-visual tutorial and could themselves solve the assignments given there.
- All the students were also given the course materials and the FOSS package so that they could try themselves at home.
- At the end of training, an online tests were organized on 30.11.2017.
- Test result were as follows:

Sl. No.	Course Name	No. of Candidates appeared	No. of students passed	Success % rate
1.	Scilab	25	16	64%
2.	LibreOffice Impress	14	8	57%
3.	LibreOffice Writer	16	16	100%

- Students who scored 40% or more, were awarded with certificates from IIT Bombay.

About Spoken Tutorial:

The Spoken Tutorial Project is about teaching and learning a particular FOSS (Free and Open Source Software) like Linux, Scilab, LaTeX, PHP & MySQL, Java, C/C++, LibreOffice etc. via an easy Video tool - Spoken Tutorials. Some of the salient features of SELF (Spoken Tutorial based Education and Learning through Free FOSS study) are as follows.

1. This distance education method is highly conducive to self-learning.
2. Once one gets started, any student or faculty can master the FOSS and also get certificates, Silver/Learner's and Gold/Completion (based on clearing an assessment test).
3. UG, PG or Research scholar students and even teachers of Science, IT, Engineering, Commerce, Management, MCA disciplines can learn any of the FOSS.
4. Typically, the first Training at any college is of 2 hours duration. Timing is as per the group's convenience.
5. To start of, any college which is organizing the Training needs to get a computer lab ready with machines that supports sound. There is no lower or upper limit on the number of participants. This just depends on the number of computers available. For additional participants, laptops (if available) can be used.
6. Support from IIT Bombay is available over Skype, in such cases the main organizer's computer should have a webcam via which the Spoken Tutorial team can monitor the Training and answer questions.
7. If the participants wish to take the test they must do so a month after the Training.

The program details are as follows:

Title of program: Training on Spoken Tutorial.

Resource Organization: Information Technology Department(IT).

Date: 03.11.2017 to 28.11.2017

Name of Faculty Co-ordinator: Mr. Subrata De, Asst. Professor, IT Department.

Schedule: During Programming Practices using C++ Laboratory hours .

Venue: Programming Laboratory - I, Department of CSE/IT, SIT.

Participant Batch Year: 5th Sem Information Technology for C and C++ .

Summary of the program:

The following points can be noted from the program

- ❖ At the beginning of the program an introductory speech had been delivered by S. De, Assistant Professor, regarding the details of the training and usefulness of FOSS tools.
- ❖ For the C and C++ training, 41 students from 5th semester IT department registered.
- ❖ During all the training sessions, audio-visual tutorials were demonstrated to all the students present. Students were also able to perform the tutorials in their pc allotted to them individually.
- ❖ It was monitored by the coordinator that each student was able to learn from the audio-visual tutorial and could themselves solve the assignments given there.
- ❖ All the students were also given the course materials and the FOSS package so that they could try themselves at home.
- ❖ At the end of training, online tests were organized on 18.12.2017.
- ❖ The faculty invigilators for the above tests are as follows:
 - Mr. Asit Barman for C test.
 - Mr. Asit Barman for C++ test.
- ❖ Students who scored 40% or more in the online test, were awarded with certificates from IIT Bombay.

- ❖ Test results were as follows:

Sl. No.	Date and Time of Test	Course Name	No. of Candidates appeared	No. of students passed	Success rate(%)
1.	18.12.2017 at 2:00 pm	C Language	19	19	100%
2.	18.12.2017 at 3:15 pm	C++	19	19	100%

7. If the participants wish to take the test they must do so a month after the Training.

The program details are as below:

Title of program: Training on Spoken Tutorial.

Resource Organization: Computer Science and Engineering Department(CSE).

Date: 07.11.2017 to 28.11.2017 .

Name of Faculty Co-ordinator : Ms. Sucharita Das, Asst. Professor, CSE department.

Schedule: During Programming Practices using C++ Laboratory hours .

Venue: Object Technology Laboratory and Project Laboratory, Department of Computer Science and Engineering, SIT .

Participant Batch Year: 5th Sem Computer Science and Engineering for C and C++ .

Summary of the program:

The following points can be noted from the program

- At the beginning of the program an introductory speech had been delivered by S. Das, Assistant Professor, regarding the details of the training and usefulness of FOSS tools.
- For the C and C++ training, 94 students from 5th semester CSE department registered.
- During all the training sessions, audio-visual tutorials were demonstrated to all the students present. Students were also able to perform the tutorials in their pc allotted to them individually.
- It was monitored by the coordinator that each student was able to learn from the audio-visual tutorial and could themselves solve the assignments given there.
- All the students were also given the course materials and the FOSS package so that they could try themselves at home.
- At the end of training, online tests were organized on 15.12.2017.
- The faculty invigilators for the above tests are as follows:
 1. Ms. Jayashree Singha for C test.
 2. Ms. Sampa Das for C++ test.
- Students who scored 40% or more in the online test, were awarded with certificates from IIT Bombay.
- Test results were as follows:

Sl. No.	Date and Time of Test	Course Name	No. of Candidates appeared	No. of students passed	Success % rate
1.	15.12.2017 at 2:30pm	C Language	54	40	74%
2.	15.12.2017 at 3:30pm	C++	44	41	93%
